

Wisdom Circle Covenant

As a member of a Wisdom Circle, you are agreeing to these guidelines:

- 1. Confidentiality.** We are entering into a sacred space where we all need to feel safe in order to share authentically and build trust. As a member you are agreeing that all we do together here will be confidential. Be sure you are in a private space when on a zoom session, or wear headphones so our conversations are not overheard. Session recordings may not be shared outside of this group.
- 2. Use of Contact Information.** Member information is for the use of members only and intended to support ease of communication and connection between members. Member contact information may not be used or shared for promotional use of any kind without permission of the individual.
- 3. Use of Photos.** Pictures of members that are posted with profiles may not be shared without permission of the member. We may take screen shot photos during sessions of the group. Group photos may be used for promotional purposes at times. If you do not want your photo used, let us know via email.
- 4. Sharing of Resources.** We will be providing many resources to you including some original graphics and content. Resources will be available and downloadable in your Member Library. You may share these, with credit please, for educational or personal use. Please be sensitive to not sharing items that will be published soon (like advance excerpts from new books). Reach out if you have questions.
- 5. Communication & Mediation of Conflicts.** If any situations arise that cause discomfort or concern for a member, that member is responsible to communicate the concern to facilitators. Transparency and resolution of issues are important to us to keep the group energy clear. Private conversations as well as group discussions in Council sessions may be used to support resolution as needed. Any individual who violates the agreements and safety of the group, may be asked to leave the group.

Thank You!
